OBJECTIVE

A motivated undergraduate in Computer Science and Engineering with a minor in Electronics and Communication Engineering, seeking opportunities in machine learning and web development to apply technical skills and contribute to innovative projects.

EDUCATION

National Institute of Technology Karnataka, Surathkal

Expected 2027

Bachelor of Technology in Computer Science and Engineering, 9.61 CGPA

Minor in Electronics and Communication Engineering

BASE PU College, Bengaluru

2021 – 2023

Pre University Education, 95%

SKILLS

Languages C, C++

Frameworks TensorFlow, Keras

PROJECTS

- **Autonomous Tic-Tac-Toe Bot**

Completed

Built an autonomous Tic-Tac-Toe bot using basic logic gates, designed to play optimally and detect game outcomes without any software algorithms.

[GitHub Repository](#)

- **QuizMaster**

Ongoing

An ongoing project aimed at digitizing physical questionnaires into online, interactive quizzes, enabling easier access and tracking for users.

EXTRA-CURRICULAR ACTIVITIES

- As an Executive Member of IET NITK, I actively organize and coordinate various events conducted by the club throughout the year.
- An enthusiastic competitive programmer, regularly participating in programming contests on CodeChef (rating: 1585).
- Passionate about current affairs, geopolitics, and political history, consistently staying informed on global developments.

ACHIEVEMENTS

- JEE MAINS: AIR 3347
- JEE ADVANCED: AIR 6779
- KCET: Rank 594
